MANAGEMENT

"The New Commitments" is a tribute to the 1991 blockbuster movie "The Commitments" and its signature SOUL/MOTOWN sound. Carl Avory (Vocals) has spent more than 10 years performing the music from the movie and brings the original vocals from "Andrew Strong" back to life. From the floor filling "Mustang Sally" to the tear jerking "Dark end of the street", T.N.C. has an amazing capacity to send dance floors on a journey through their own soul.

With songs from Wilson Pickett, Aretha Franklin, Al Green, Jackie Wilson, Otis Redding, The Supremes and many more, T.N.C transcend their audience back to "Motor City Detroit" and the "Mowtown" era.
